Day Pass Distribution Agreement Form

MTS now sells all products on Compass Card, including Day Passes, printed on thinner plastic. These cards are loaded with a Day Pass and activated by tapping the card on bus fare boxes, on Trolley station validators or ticket vending machines. By signing below, your organization agrees to the following:

- A signed agreement must be submitted with each order form to The Transit Store or the MTS office before the organization will be allowed to purchase these Day Passes.
- The organization will be responsible for the proper use of all cards purchased. These limited use Compass Cards are to be tapped on first use and are not eligible for reload, registration, or replacement. Compass Cards can be tracked by serial number.
- The organization will emphasize to its clients the importance of tapping Compass Card on the bus or before boarding the Trolley. Riders who do not activate their cards prior to boarding may be subject to citation and the pass may be confiscated by Security.
- MTS reserves the right to discontinue the sale of these Day Passes to any organization whose clients do not follow procedures.
- The organization will be responsible for lost or damaged cards.
- The organization will bring a completed order form to The Transit Store or send to the MTS office each time they wish to purchase passes.
